

FRESH#1 SAND ROSE

INGREDIENTS Aqua, Rosin, Glycerin, Hamamelis virginiana extract, Alcohol, C177891, C177491, C1210951, C112477.

DESCRIPTION Soft pink ink with a neutral color temperature is designed for clients who want to enhance the natural beauty of their lips. It is not recommended to use this ink undiluted on cool lips. For a watercolor effect, you can add Orange Sunset corrector or a drop of More Coral. It is recommended to use a diluent.

HOW TO USE The maximum number of passes: 2 passes. It is recommended to avoid going beyond the lip borders and fixing the contour to prevent an oversaturated healed result.

NEEDLES Recommended needle configurations: 1RLMT 0.30, 3RLMT 0.25.

DILUTION Always use BROVI diluent to dilute the inks: 1 drop of diluent per 5 drops of ink. Do not dilute the ink with water.

FRESH#2 DAHLIA PINK

INGREDIENTS Aqua, Rosin, Glycerin, Hamamelis virginiana extract, Alcohol, C177891, C112477, C174160.

DESCRIPTION Neutral pink for subtle yet natural coverage. Just like Sand Rose, not recommended to use undiluted on cool-toned lips.

HOW TO USE The maximum number of passes: 2 passes. It is recommended to avoid going beyond the lip borders and fixing the contour to prevent an oversaturated healed result.

NEEDLES Recommended needle configurations: 1RLMT 0.30, 3RLMT 0.25.

DILUTION Always use BROVI diluent to dilute the inks: 1 drop of diluent per 5 drops of ink. Do not dilute the ink with water.

FRESH#3 MORE CORAL

INGREDIENTS Aqua, Rosin, Glycerin, Hamamelis virginiana extract, Alcohol, C112477, C177891, C121095, C121110, C112475.

DESCRIPTION A warm, almost caramel shade suitable for use on any lips. Can be used as a base for future decorative shades.

HOW TO USE The maximum number of passes: 2 passes. It is recommended to avoid going beyond the lip borders and fixing the contour to prevent an oversaturated healed result.

NEEDLES Recommended needle configurations: 1RLMT 0.30, 3RLMT 0.25.

DILUTION Always use BROVI diluent to dilute the inks: 1 drop of diluent per 5 drops of ink. Do not dilute the ink with water.

FRESH#4 MORE PINK

INGREDIENTS Aqua, Rosin, Glycerin, Hamamelis virginiana extract, Alcohol, C177891, C112477, C121110, C112466.

DESCRIPTION A warm peach-pink ink for giving lips a fresh effect. Suitable for use on any lips.

HOW TO USE The maximum number of passes: 2 passes. It is recommended to avoid going beyond the lip borders and fixing the contour to prevent an oversaturated healed result.

NEEDLES Recommended needle configurations: 1RLMT 0.30, 3RLMT 0.25.

DILUTION Always use BROVI diluent to dilute the inks: 1 drop of diluent per 5 drops of ink. Do not dilute the ink with water.

FRESH#5 ORANGE SUNSET

INGREDIENTS Aqua, Rosin, Glycerin, Hamamelis virginiana extract, Alcohol, C177891, C112477, C121110, C112466.

DESCRIPTION A bright, slightly bleached orange corrector. Designed for the initial filling of cool-toned lips. Fill in the lips with the corrector before applying a decorative shade.

HOW TO USE The maximum number of passes: 2 passes. It is recommended to avoid going beyond the lip borders and fixing the contour to prevent an oversaturated healed result.

NEEDLES Recommended needle configurations: 1RLMT 0.30, 3RLMT 0.25.

DILUTION Always use BROVI diluent to dilute the inks: 1 drop of diluent per 5 drops of ink. Do not dilute the ink with water.
